

The Complete Billing Solutions

MEDIRITE CORPORATION is an integrated Medical Information Management Company, which offers Medical Billing Services. Our Services includes integrated Appointment Scheduling, Billing Modules and accessibility of information anywhere, anytime. Our services have evolved to a level where we can be deemed a Virtual Secretary targeted for hospitals, clinics, and independent doctors.

The company is first started by our President ***Mrs. Vibha Patel*** and it is equally executed by our Vice President ***Mr. Nilesh Patel*** and is promoted by technical expert ***Mr. Mike Anderson*** from diversified industry who is allegiently serving their clients to fulfill their prospective needs.

As one of the leading healthcare outsourcing Service Company, Medirite offers a full suite of solutions that are designed to improve operational efficiencies & customer retention.

Billing companies are facing numerous pressures in today's healthcare environment, including staffing, HIPAA compliance, and increasing operational cost. Medirite understands that it has become increasingly difficult to manage the operational costs along with the highest level of quality and reimbursement. For these reasons, Medirite has assembled the brightest and most experienced billers in the industry to provide an offshore production facility for billing companies in USA.

Medirite provides medical billing companies with Revenue Cycle Management (RCM), Practice Management, Coding, Charge Entry, Eligibility & Benefits Verification, Out of network Billing, AR Follow-up, Denials Management, Appointment Reminders, Credentialing, Patient Collection Management (PCM) & provides Free EMR software with EHR solutions.

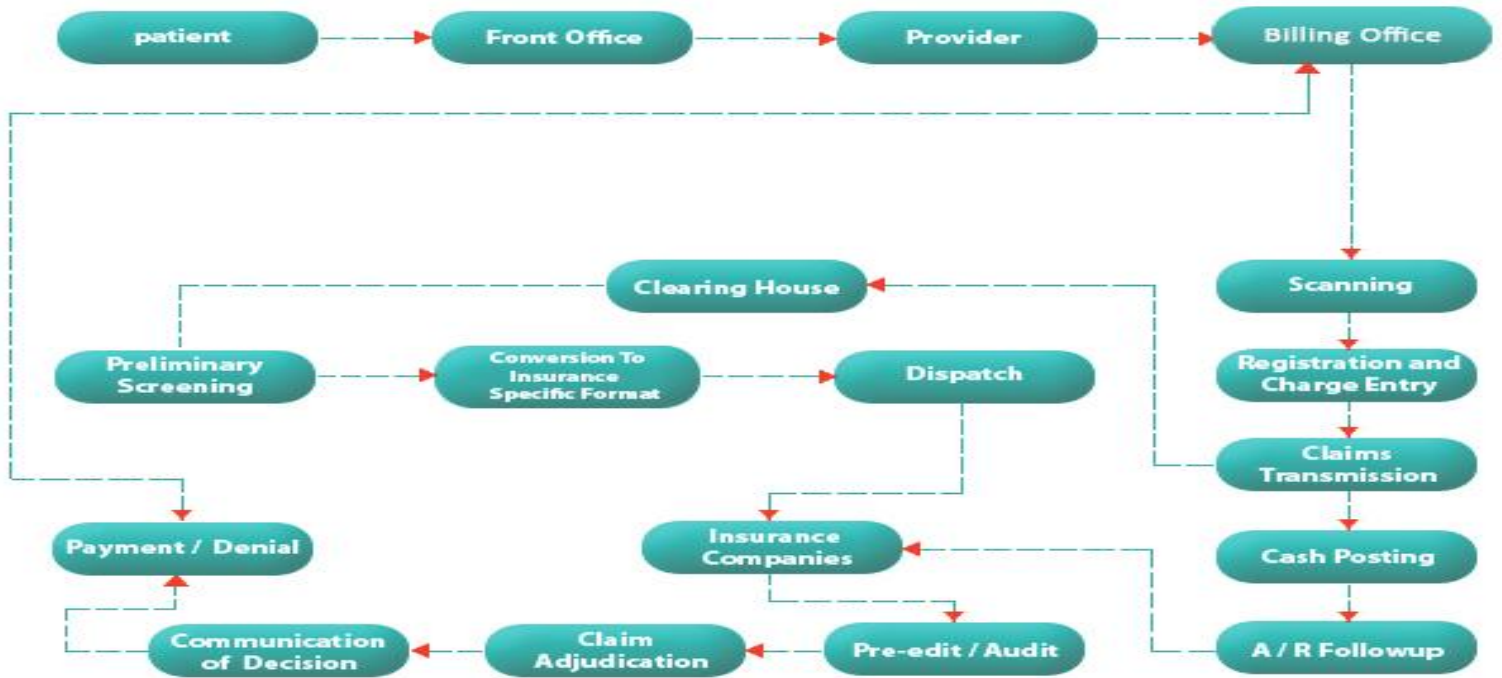

We perceive our role in your growth as a key Member of your team who enables you to focus on patients rather than spending more time on office staff, infrastructure and many other things.

Medirite provides complete medical billing & coding solutions including collections, financial reporting and analysis, compliance monitoring, practice management and analysis services. Because every company is unique, we will review your needs and assist you to select the right in deciding the level of service, and then customize a package to compliment your company. Our marketing and customer service professionals are well trained and provide 24/7 customer service.
